GREEN GIVING

Corie Russell

Rate this Article:

'Tis the season for giving. And with that is the season for wasting. This year instead of buying unwanted gifts that gather dust in people's closets or pile in landfills, choose green gifts that give back in a good way. SheKnows offers 20 great green gift ideas to get you started:

ORGANIC SOAP GIFT SET

This organic soap gift set from Bali is perfect for that special lady in your life. Each natural fiber gift basket contains four unique soaps wrapped in a batik fabric. The soaps are produced in a small cooperative of artisan soap makers and organic farmers from the mountains of Bali.

Ingredients such as beeswax, coconut oil, aloe vera, vetiver, clove, vanilla, and floral essences are sourced locally. The success of these soaps has helped encourage even more organic and sustainable farming in Bali, according to the [Eco Express website](#). Cost, \$25.99

REVENGE IS T-SHIRT

The eco-friendly brand *Revenge Is* makes shirts strictly from organic cotton and recycled plastic bottles, and they are printed with non-toxic soy-based inks. T-Shirt themes include: *All Love is Equal*, *Revenge Is Saving The Earth* and *The Best Revenge Is Peace*.

'By wearing a *Revenge Is* t-shirt, you are accepting that personal responsibility and relaying the message that you care,' says Marilyn Barrett, owner and creator of *Revenge Is*.

Cost of select T-shirts, \$21 to \$32, available at select retail stores and at the [Revenge Is](#) website.

Discover the pure bliss of a diaper that includes gentle, natural materials.
